

## Mikrotik CCR2116-12G-4S+ 16 Core ARM CPU 10G Router

Regular Price: 114000.0

Sale Price: 112000.0

PRODUCT ID: 04437

### — Key Features

|                          |                                                                                                                                                                                                                                                               |
