

## Adata 8GB DDR4 2666MHz Laptop RAM

Regular Price: 1900.0

Sale Price: 1600.0

PRODUCT ID: 00793

### Key Features

|                   |                                                                                              |
|-------------------|----------------------------------------------------------------------------------------------|
| Type              | SO-DIMM                                                                                      |
| Capacity          | 4GB                                                                                          |
| Frequency         | 2666MHz                                                                                      |
| Operating voltage | VDD and VDDQ = 1.2V ± 0.06V<br>DRAM activation power supply: VPP = 2.5V ( +0.25V / -0.125V ) |
| Latency           | CL 19-19-19                                                                                  |

### Physical dimension

|     |         |
|-----|---------|
| Pin | 260-pin |
|-----|---------|

### Warranty Information

|          |                   |
|----------|-------------------|
| Warranty | Lifetime Warranty |
|----------|-------------------|
